Firm in damage insurance and financial services firm
Cautionnements - Bonds

Important announcement

October 4, 2024

covalen

Dear Clients and Partners,

We enthusiastically announce an essential new chapter in our company's history. Groupe Ostiguy & Gendron, true to its spirit of innovation and continuous growth, is evolving and becoming Covalen. This change will be effective from October 7th.

Since our founding in 1991, our firm has distinguished itself by its willingness to push boundaries. This name change continues our vision and ambitions.

Covalen is inspired by covalent bonds in chemistry, which are known for their exceptional strength. It symbolizes our relationship's strength, our commitment to collaborate closely with you, and our desire to build lasting and trusting relationships.

Rest assured that this brand change will not affect the quality of our services, our recognized expertise, or our values. On the contrary, it reinforces our commitment to you and our determination to excel in everything we do.

Your broker and your dedicated team remain your primary point of contact and will continue to offer you the same level of attention and professionalism you are accustomed to. We are more determined than ever to meet your insurance needs and support you in protecting your assets.

You will receive a newsletter containing the brand unveiling over the next few days. We look forward to continuing to collaborate under this new banner and to earning your trust day after day.

If you have any questions about this change or want to discuss it further, please don't hesitate to contact us. We would be delighted to discuss this exciting new stage in our history with you.

Thank you for your continued loyalty and trust.

Sincerely,
